## **PWD: Telephone tap evidence confirms killers of Yilmaz and Torin as PKK'S PÇDK**

2/13/2006 KurdishMedia.com

London (KurdishMedia.com) 13 February 2006: In a press release dated 12 February 2006, the PWD-K Party Assembly released the names of the bombers responsible for the assassination of PWD Assistant Coordinator, Kani Yilmaz and fellow member Sabri Torin (Serdar Kaya) on Saturday 11 February 2006 stating that the murders were carried out by Numan (Veli Çat) originally from Hilvan, Urfa assigned by the PKK's Special Forces last spring to leave and establish a place for himself in the Sayid Sadiq camp of the PWD where he remained for the past year.

Veli Çat who planted the bomb in the car had just before the incident made contact with a Kurd originally from Bitlis code-named Serdar, an HPG military intelligence member responsible to Murat Karayilan to provide the explosive. Their preparations to carry out the murder were confirmed by telephone tap recordings of their conversation just before the incident.

On the day the act was to be carried out the killer had travelled in Kani Yilmaz's car from Seyit Sadiq camp to Sulaimania with him and Sabri Torin. A minute after he got out of the car at 60th avenue coming into Rizgari quarter at the entrance to Sulaimania on reaching a distance of 700 metres from the car Numan (Veli Çat) detonated the remote controlled device and then met up with PKK military intelligence member Serdar and they disappeared from the scene together.

After the incident, the PUK Asayish (security) and bomb expert team formally informed the PWD following their investigation and enquiries that the bombing had been carried out by remote control. In response to this certain circles and government officials failed to report the truth for political reasons and claimed it was "related to a technical malfunction".

According to the evidence in hand the previous murders of Kemale Sor and Sipan were carried out by the PKK's Iraq based organisation the PÇDK that is being used as a base for murder. Kemale Sor, the official responsible for the Southwest Kurdish organisation Rekeftin, lost his life at the hands of PÇDK central committee member, Aram, and other PÇDK members still detained in south Kurdistan for this operation.

The PWD stated that the incontrovertible evidence obtained shows that the PÇDK is being used as a base for the PKK's murders and for it to be able to continue to operate as legal party in "free Kurdistan" is an unacceptable affront. In this sense, they called upon the Kurdistan government to fulfil their obligations and treat this party as a terrorist organisation.

Family members of Kani Yilmaz on Sunday night took his remains across the border at Ibrahim Khalil to Ceylanpinar in Turkey for burial today, 13 February 2006.

## **Killing of Kani Yilmaz has finished the PKK**

I thought I was now immune to shock when it came to Kurdish politics. Fifteen years of studying your nation, six years of living with your people, I really thought I had seen it all. Then we have the disgusting murder of Kani Yilmaz (Faysal Dunlayici). I have been stunned.

I, as your readers will be aware, am a great admirer of the Kurdish people but this latest outrage is just obscene. I know those responsible are not the normal Kurdish people but it is bad for the reputation of the Kurdish people and of Kurdistan. Aside from anything, a good man has been destroyed, Kurd against Kurd, again! We all know who did this.

To those who carried out this crime I say "You are not Kurds." To all my friends in Northern Kurdistan, I say finish PKK, I was willing to support the Party if it were true but it has proved itself to be as corrupt as PUK and KDP. It is a Party for murdering Kurdish patriots. It is finished, it has no credibility anymore.

The killing of Kani has finished the PKK; the arrest of Doctor Kamal has finished Barzani and Talabani. Are these people democrats?

PKK, I know you are responsible for the bomb that killed Kani. you have lost my support. Kurdish leaders do not like new Parties with new thinking. Kani created a new Party. I advise all PKK members to leave the Party immediately because there will be a backlash as a result of the murder of Kani.

Kurdish PKK members, what do you want? A free united Kurdistan? Abdullah Ocalan as God? He is meant to be socialist which, according to Karl Marx, the founder of socialism, the leader is nothing and only the people should be important. Your party is built on the personality of Ocalan, not political principal. Ocalan also has the reputation of using female peshmerga for sexual purposes.

Now you have people beneath Ocalan who are creating death squads to eliminate opposition. This is not democracy as you claim you want; it's not even communism! It is all a complete lie. Disband PKK now. And, if you want to be true to Kurdistan and the Kurdish people, please handover to us the people responsible for the murder of Kani. The PKK could depict Russia and produce Ocalan as the new Stalin. Is that really what you Northern Kurds want?

I am used to the Kurdish people being the most honourable people I have ever met; I am used to Kurdish politicians being the dirtiest dogs I have ever met. Many of your members are my friends; I will be talking with them. I am disgusted and I think my friends will be leaving your Party. You murderers will be alone, with no Kurdish following.

Kani was a great man and those responsible for his death will pay a very heavy price. I vow revenge and I am a Scot. It will happen.

Kurdish political groups now are a disgrace. I am sure that Kani is in paradise.

God bless Kani. Thank you for your life.
